# KOMET GOES MULTIMEDIA!

# APRIL -2007-

A MULTIMEDIA CD WITH APPLICATION EXAMPLES AND FILMS OF KOMET VACUUM PACKING MACHINES:

Along with this newsletter you will receive the brand new multimedia CD from KOMET: An effective and use full sales support which will make your daily work much easier. With this you will also receive all the important information about KOMET vacuum packing machines in a very compact shape.

The CD will give you an overview about all models in the languages of German and English. It includes general information and technical data, the detailed brochures in the PDF format and features many films of the machines in use. This way, you can show the prospective customers - wherever you are - with a click on your laptop or PC how easy it is to operate the machines, for which fields of application the corresponding machine can be used and how it is working. So, the CD is an important sales assistance for your daily contact with the customers. Also information about the control boards and the vacuum tester will be found.

The CD can be used on any current PC. The menu assistance is simple and easy to follow. Additional programs or an extra installation are not required. Just insert the CD and it starts automatically.

WORLD PREMIERS AT THE IFFA! VISIT US IN FRANKFURT FROM MAY 5TH TO MAY 10TH, 2007 – SOME NEW DEVELOPED MACHINES ARE WAITING FOR YOU!

It is happening in only a few days: the IFFA will open up its gates. Of course, we will be present and we will give you an overview of our range of products in the field of vacuum packing. Just drop in and see us! Some totally new machines and a small surprise will wait for you. We are looking forward to interesting discussions and will be able to show you our innovative products in detail. Get yourself involved! If you want to make an appointment, just call us and we will tighten a schedule for you. Please find below our hall and booth number ready to be cut out as an reminder. At the same time the voucher will serve as a gift certificate for a small surprise which is waiting for you at our booth.

## KOMET-TRAINING CENTRE: NEW EVENTS, NEW DATES!

With the last newsletter we have informed you about our new training centre which had been finished at the end of the past year. It is available for our dealers to perform trainings and information events all around the topic of vacuum packing. Also our dealers and partners can present their customers all KOMET models and test and explain the handling directly on the machine using individual customer products for testing.

Please find attached our information brochure which includes all important information about the training centre. All events are given with dates at a glance. The topic offer is wide range. Surely you will find some topics which will meet your interest. Take this chance!

Of course, you can also arrange a individual training with us. And if there are questions: Please just call the corresponding employee listed in the information flyer.

### YOUR KOMET-CONTACT PERSONS:

## THE DEUTSCHE BERUFGENOSSENSCHAFT (BG) EMPLOYER'S LIABILITY INSURANCE ASSOCIATION IS REPORTING ABOUT VACUUM PACKING WITH OXYGEN GASSING!

In the edition of January of "BGN-Akzente" the official medium of the Berufsgenossenschaft Nahrungsmittel und Gaststätten (Employer's Liability Insurance Association for food and restaurants) it had been discussed in detail about the topic "Packing with O<sub>2</sub> protective atmosphere". The author explains the dangers and safety-technical solutions in his report.

**IMPORTANT:** Our model KOMET TS-100 had been tested and approved for the use with oxygen by the Employer's Liability Insurance Association! With KOMET you will always be safe in packing!
